

19" Rackmount Industrial Power Supply Vertical Chassis

TI-R4U (v1.0R)

- 4U 19-inch wall mount bracket
- Exclusively designed for TI-RSP100048 power supplies (sold separately)
- Vertical power supply mounts designed for easy access
- Sturdy steel construction
- Open frame chassis provides better heat dissipation

TRENDnet's 19" Rackmount Industrial Power Supply Vertical Chassis, model TI-R4U, is designed to house up to four TI-RSP100048 industrial power supplies. The open frame vertical mount design provides better heat dissipation when compared to standard closed frame chassis options. Vertical mounting also provides more spacing between each power supply, making it easier to install with ample space for cable management. Compatible with industry standard 19" racks.
