TPH-5000
Outdoor Camera Housing

The TRENDnet TPH-5000 provides the perfect solution to transform regular indoor cameras into outdoor surveillance systems. Made from die-cast aluminum and designed for the highest level of protection (IP 67), the TPH-5000 completely shields cameras from dust and water immersion. Virtually weatherproof, it also comes complete with an adjustable Fully-Cable-Managed mounting bracket, protecting camera wiring from the weather.

(Camera Sold Separately)

FEATURES

- Weather resistant with IP67 protection rating
- Protects valuable camera from dust, rain, and snow
- Holds most indoor non-weatherproof cameras
- Supports camera size up to 300 (L) x 105 (W) x 80 (H) mm (11.8 x 4.13 x 3.14 inches)
