## Package Contents

- TU3-SA
- Multi-Language Quick Installation Guide
- Power Adapter (12V DC, 2A)

## System Requirements

- USB Port: 3.0, 2.0, 1.1
- 2.5" or 3.5" SATA I/II Hard Drive

Supported Operating Systems	CPU	Memory
Windows 7 (32/64-bit)	1GHz or above	1GB RAM or above
Windows Vista (32/64-bit)	800MHz or above	512MB RAM or above
Windows XP (32/64-bit)	300MHz or above	256MB RAM or above

### **Note:**

1. Hard Drive is NOT included.
2. Some operating systems do not support USB 3.0.

## 2. Hardware Installation

1. Connect your SATA hard drive to the TU3-SA.

### **Note:**

When connecting a 2.5" SATA hard drive, external power is not necessary. Skip to step 4.

2. Connect the power cord to the power adapter and then to a power outlet.

3. Connect the power adapter to the TU3-SA.

4. Connect the USB Type A Male Connector on the TU3-SA into an available USB port on your computer.

Thank you for choosing TRENDnet

#### Windows 7 / Vista / XP

1. Double-click on **Computer** or **My Computer**. A drive will be listed under Hard Disk Drives.

**Your hard drive is ready for access**

## 1. My computer does not recognize the TU3-SA. What should I do?

1. Verify that the computer meets the minimum requirements as listed in section 1.
2. Make sure that you have plugged in the power adapter into the unit and the power cord into an available power outlet.
3. Access the device manager and verify the TU3-SA is installed properly.
  1. To access the device manager on Windows 7, click on the Windows icon on the bottom left-hand corner, click **Computer**, click **System Properties** and then click **Device Manager**. Double click on **Universal Serial Bus Controllers**. Make sure that **USB Mass Storage Device** is listed and there is no yellow question mark or exclamation point.
  2. To access the device manager on Windows Vista, right-click **Computer**, click **Properties** and then click **Device Manager**. Double click on **Universal Serial Bus Controllers**. Make sure that **USB Mass Storage Device** is listed and there is no yellow question mark or exclamation point.
  3. To access the device manager on Windows XP, right-click **My Computer**, click **Properties**, click the Hardware tab, and then click **Device Manager**. Right click on My Computer → **Properties**. Double click on **Universal Serial Bus Controllers**. Make sure that **USB Mass Storage Device** is listed and there is no yellow question mark or exclamation point
4. Try plugging the device into a different USB port on your computer.

## 2. How do I format my brand new hard drive with the TU3-SA?

1. For Windows 7/Vista, right click on **Computer** or **My Computer** and select **Manage**. When the **Computer Management** screen appears, click on **Disk Management**. Right click on the hard drive and click **New Simple Volume**. Follow the **New Simple Volume wizard** and then click **Finish**.
2. For Windows XP, go to **Start** → **Settings** → **Control Panel** → **Administrative Tools** → **Computer Management** → **Disk Management**. If the Initialize and Convert Disk Wizard appears, click **Cancel**. Right click the **Unknown** drive, click Initialize and then click **OK**. Right click on the unallocated region of the hard drive and select **New Partition**. Follow the **New Partition Wizard** instructions then click **Finish**. The hard drive will automatically start the formatting process.

**Note:** Make sure that the selected hard drive is not your C or D drive. Also make sure that the selected hard drive is connected to the TU3-SA.

## 3. My computer does not list any drives? What should I do?

1. Access the device manager and verify the hard drive is installed properly.
  1. To access the device manager on Windows 7, click on the Windows icon on the bottom left-hand corner, click **Computer**, click **System Properties** and then click **Device Manager**. Double click on **Disk Drives**. Make sure that **USB Device** is listed and there is no yellow question mark or exclamation point.
  2. To access the device manager on Windows Vista, right-click **Computer**, click **Properties** and then click **Device Manager**. Double click on **Disk Drives**. Make sure that **USB Device** is listed and there is no yellow question mark or exclamation point.
  3. To access the device manager on Windows XP, right-click **My Computer**, click **Properties**, click the Hardware tab, and then click **Device Manager**. Right click on **My Computer** → **Properties**. Double click on **Disk Drives**. Make sure that USB Device is listed and there is no yellow question mark or exclamation point.
2. If you are attaching a brand new hard drive, format the drive. Please refer to question 2 for more information.

If you still encounter problems or have any questions regarding the **TU3-SA**, please contact TRENDnet's Technical Support Department.

## Certifications

This equipment has been tested and found to comply with FCC and CE Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) This device must accept any interference received. Including interference that may cause undesired operation.

Waste electrical and electronic products must not be disposed of with household waste. Please recycle where facilities exist. Check with you Local Authority or Retailer for recycling advice.

**NOTE:** THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THIS EQUIPMENT. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.

### ADVERTENCIA

En todos nuestros equipos se mencionan claramente las características del adaptador de alimentación necesario para su funcionamiento. El uso de un adaptador distinto al mencionado puede producir daños físicos y/o daños al equipo conectado. El adaptador de alimentación debe operar con voltaje y frecuencia de la energía eléctrica domiciliar existente en el país o zona de instalación.
