

## Mini USB-C HD Docking Cube

TUC-DS1 (v1.0R)

- Extend or mirror your notebook PC's display to an HDTV via HDMI
- Supports up to 3840 x 2160 resolution at 30Hz
- Gigabit Ethernet Port
- HDMI audio support
- HD video over a high-speed USB-C connection
- One USB 3.0 port and two USB 2.0 ports
- Supports Windows 10 Continuum mode
- Compatible with most Android OS 7.0 and up phones with USB-C interface
- Supports Windows® 10 and Mac® operating systems

TRENDnet's Universal USB-C HD Docking Cube, model TUC-DS1, connects your laptop or Ultrabook™ to your network and multiple devices with a single cable. Manage workstation devices such as USB storage, keyboard, mouse, printer, scanner, and HD display over a high-speed USB-C connection. Extend or mirror your notebook PC's display to an HDTV via HDMI to experience high definition video.

### HDMI Port

Connect an HDMI monitor to the TUC-DS1 to add a high definition display to your workstation.

### Compact Cube Design

Compact space saving design connects workstation peripherals over a single USB-C connection.

### USB Ports

Convenient USB 2.0 and 3.0 ports allow you to connect multiple USB devices to your notebook PC.

## Networking Solution

### USB-C Docking Station

Build your ideal workstation by connecting all devices to the TUC-DS1 with a single high-speed USB-C connection.

### HDMI Port

Connect an HDMI monitor to the TUC-DS1 to add a high definition display to your workstation.

### HD Resolution

Supports up to 3840 x 2160 at 30Hz for PC, and up to 1920 x 1080 @ 60Hz for Windows Phone

### Audio Support

HDMI Audio Support

### USB Ports

One USB 3.0 port and two USB 2.0 ports for USB keyboard, mouse, storage, and other devices

### Gigabit Port

Connect to the network with a high-performance gigabit port

### Compact Cube Design

Compact space saving design connects workstation peripherals over a single USB-C connection

### Easy Setup

Simple installation in minutes

### Operating Systems

Compatible with Windows® 10 and Mac® operating systems
