

USB-C to HDMI 4K UHD Display Adapter

TUC-HDMI (v1.0R)

- Connect an additional high resolution monitor to a workstation in Extend Mode
- View a computer HDTV display up to 3840 x 2160 resolution at 30 Hz
- Flawless video with high speed USB TYPE-C to HDMI connection
- Powered by the connected computer
- Supports Windows® and Mac® operating systems

TRENDnet's USB-C (TYPE-C) to HDMI 4K UHD Display Adapter, model TUC-HDMI, adds an HDTV or UHD monitor to a workstation. Extend or duplicate a computer display to an HDTV or monitor. Experience flawless video with the USB-C to HDMI connection. The adapter is powered by the connected computer and is compatible with Windows® and Mac® operating systems.

Multi-Display Workstation

Unlock workstation efficiency by adding multiple large screen HD displays to your workstation (one TUC-HDMI per display).

Display Your Way

Combine multiple displays into one viewing field with Extend Mode or repeat a viewing field to another display with Mirror Mode.

HD Video to a TV

Connect the high speed USB-C port to your computer, then connect the HDMI cable to your TV to stream HD video.
