

Outdoor Camera Enclosure with Heater and Fan TV-H510 (V1.0R)

The Outdoor Camera Enclosure with Heater and Fan (model TV-H510) protects TRENDnet Internet cameras from extreme temperatures and severe weather with a built in automated heater and fan and an IP66 weather rating.

This durable aluminum enclosure is designed for use with compatible TRENDnet Internet security cameras.

Mount the enclosure on most surfaces with the included mounting kit. The enclosure's final fixed position can be adjusted 360 degrees left-to-right, 40 degrees below horizontal and 15 degree above horizontal. A rugged aluminum visor minimizes reflective solar glare, a hinged swivel-top provides full access to the inside of the enclosure, an access latch-design capable of accepting a padlock (sold separately) protects against camera theft and an easy-install camera mount system reduces IP camera installation time.

Product Overview

- Built in automated heater and fan protects camera from extreme temperature*

- IP-66 certified aluminum construction protects against extreme weather conditions
- Lockable access latch protects from camera theft
- Adjustable enclosure and easy-install camera mount system

FEATURES

- Built-in heater and fan helps moderate air temperatures within the enclosure
- Robust construction design provides a cost-effective solution for protecting your TRENDnet Internet camera from the rigors of outdoor use
- Automatic temperature control
 - Heater turns "on" when the temperature dips below 15C (59F) and turns "off" when the temperature exceeds 25C (77F)
 - Fan turns "on" when temperature exceeds 35C (95F) and turns "off" when the temperature dips below 25C (77F)
- Adjustable mounting kit can secure the enclosure to a vertical or horizontal surface
- Cables are protected inside the mounting bracket
- 2-Year Limited Warranty

Outdoor Camera Enclosure with Heater and Fan

TV-H510 (V1.0R)

SPECIFICATIONS

Hardware	
Supported Devices	• TV-IP100-N, TV-IP100W-N, TV-IP201, TV-IP201P, TV-IP201W, TV-IP301, TV-IP301W, TV-IP501P, TV-IP501W, TV-IP512P, TV-IP512WN
Protection Level	• IP66 weatherproof
Blower Fan and Heater	• Heater On: below 15 C (59 F) Off: above 25 C (77 F) • Blower fan On: above 35 C (95 F) Off: below 25 C (77 F)
Housing Material	• Aluminum body with Plastic front cover plate
Glass Window Size	• 76 x 92mm
Power Supply	• 12VDC, 0.6A external power adapter
Temperature	• Operating: -10 C ~ 50 C (14 F ~ 122 F)
Dimensions	• 390 x 142x 115mm (15.35 x 5.59 x 4.53 in.)
Weight	• Housing: 1.2kg(2.65lb) • Bracket: 0.38kg (0.84lb)
Adjustment	• Tilt Angle - 55° Swivel Angle - 360°

* Please reference the heating and cooling capabilities of this enclosure with reference to your environmental temperatures

PACKAGE CONTENTS
