

## Android App Installation

1. Download the file directly onto your Android phone from the TRENDnet website ([Mesh WiFi System – AC1200 Dual Band WiFi EasyMesh Kit| TRENDnet - TRENDnet TEW-832MDR2K](#))
2. Locate the **My Files** folder on your Android device and click on **Downloads**

3. Click on **Meshnet\_v1.0.7.0928.apk** to install or update the app on to your device.
4. Your device will prompt if you would like to **Update** or **Install** the app onto your device. Click **Update** or **Install**.

5. Following the install, click **Done** to return back to my files or click **Open** to open the app.
