Android (version 4.4 or above) iOS (version 8.2 or above)

Using the TV-IP316PI / TV-IP317PI with a PoE switch (TPE-S50)

- Connect the TV-IP316PI / TV-IP317PI to your network using an existing 802.3af/at compliant PoE switch or injector.

2. Hardware Installation and Configuration

Note: You can also download the utility at <http://www.trendnet.com/camerautility>

1. Do not install or mount the IP camera until after you complete the installation steps below.
Temporarily place the IP camera next to your computer.
2. Insert the Utility CD-ROM into your CD-ROM drive.
3. Click **Install Utility**.

4. Run the utility and you will see your camera is set to Inactive under security.

5. After the utility is done scanning, click on the IP address section of the camera you would like to access.

Note: Internet Explorer is recommended for installation.

6. Once you get to the login page you will be prompted to change the password. Please follow the password requirements and enter your new password.

7. Now you can access the camera's configuration page for Live view and additional settings. For more details, please refer to the User's Guide.

Note

- See User's Guide for advanced management functions
 - When viewing live video, you may be required to install plug-ins.
8. Scan the QR code below to download a free mobile app to view the camera from your iOS or Android device.

Android

iOS

Mounting the camera

Note: For tips on capturing appropriate camera viewing angle, please refer to the user's guide.

1. Loosen the adjustable nut and manually position the camera as desire.

2. Place the provided template label on the wall or ceiling.

3. Drill holes at each marked position on the template. Make sure the drill bit matches the size of the holes on the template.
4. Insert the provided screw anchors into the holes.
5. Insert the cables through the hole in the wall or ceiling.

6. Align the mounting bracket with the screw anchors, and then use the provided screws to secure the camera to the mounting surface.

Certifications

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received.
Including interference that may cause undesired operation.

Waste electrical and electronic products must not be disposed of with household waste. Please recycle where facilities exist. Check with your Local Authority or Retailer for recycling advice.

Applies to PoE Products Only: This product is to be connected only to PoE networks without routing to the outside plant.

Note

The Manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

Advertencia

En todos nuestros equipos se mencionan claramente las características del adaptador de alimentación necesario para su funcionamiento. El uso de un adaptador distinto al mencionado puede producir daños físicos y/o daños al equipo conectado. El adaptador de alimentación debe operar con voltaje y frecuencia de la energía eléctrica domiciliaria existente en el país o zona de instalación.
